

1. On the drive rear panel, locate the PARITY and ID SELECT and/or TERM POWER pins. See Figure E-7.
2. Verify the jumpers are correct for SunCD Plus or SunCD 2Plus as appropriate:
 - a. **SunCD Plus:**
Jumpers must be installed on the PARITY and PREVENT/ALLOW pins. Refer to Figure E-7. Ensure jumpers are installed on pins 2 and 1 to select address 6.
 - b. **SunCD 2Plus:**
Ensure jumpers are installed on pins 2 and 1 to select address 6, and on TERM POWER. No other jumpers may be installed. Refer to Figure E-7.
 - c. **SunCD Plus4:**
